

Three Words/One Sentence

Directions: For each number below, there are three words related in some way to our investigation of ecosystems. Use all three words in one content-correct sentence. It will require a little thinking and writing!

1. populations/ecosystems/communities

2. consumer/producer/decomposer

3. sun/soil/plants

4. decomposers/environment/nutrients

5. grasshopper/frog/hawk

6. habitat/humans/pollutants

7. terrestrial/forest/grassland
